I am writing in response to your notice in the April 27<sup>th</sup> Union Leader for a Manager of Photographic Services. I have a lot of the skills your announcement stated would be required. I have had a good amount of experience for this position, including three years of experience in the graphic design and print production field as an Assistant Manager at FedEx Kinkos. I have a Degree in Commercial Design and a certificate in Commercial Illustration. I have a vast knowledge of design software including extensive knowledge of Adobe Photoshop and other Adobe software. I also have some experience in Freelance Photography and I feel that my work speaks for itself which I have attached in a file labeled Portfolio.PDF

Thank you for taking the time to view my resume and portfolio, and I will be looking forward to hearing from you soon.

Sincerely,

Ryan Hirsch
